ALL GUARDSMEN TO BE IN ARMS IN WEEK.

It was believed that virtually every National Guardsman will be with his colors and in arms within a week. Litigation to determine whether State militiamen enlisted under the old Dick Law may be compelled, under call of the President, to give Federal service under the new militia law, to-day was ordered expedited by the Supreme Court at the War De-

partment's request. The test cases are habeas corpus proceedings of Alexander W. Emerson and Alfred P. Lowell, cavalrymen, who declined to take the new Federal oath, and the Supreme Court's decision will affect the status of many thousand Guards-Adding to these aggressive steps the

Reports from the country indicate that the new Congress will not be so dominated by timid, anti-war sentiment as the one that passed out of existence on March 4.

The menace to the nation's freedom, paredness is now being realized in those sections smirched with pro-German propaganda and tinged with pacifist sentiment. The members are coming back to Washington seeing a jority, regardless of political partisan- and other points vital to national deship, is expected to stand unreservedly back of the President.

#### President's Order Putting U.S. Navy On a War Basis Calls for 87,000 Men

WASHINGTON, D. C., March 26 .- The President has issued this xecutive order

By virtue of the authority vested in the President by the act of Congress approved Aug. 29, 1916, entitled "An act making appropriations for the naval service for the fiscal year ending June 30, 1917, and for other purposes," It is hereby directed that the anthorized enlisted strength of the navy be increased to 87,000 men. WOODROW WILSON.

#### SPLENDID OPPORTUNITY FOR YOUNG MEN OF STUFF AND AMBITION, SAYS SECRETARY DANIELS

To the Editor of The Evening World

The President last night signed an executive order directing that the authorized enlisted strength of the navy be increased to 87,000. He was authorized by Congress, in case of emergency, to direct such increase in enlistment.

New ships and ships in reserve are being fully commissioned as rapidly as possible, and the need is imperative for a larger enlistment to man them.

There has been a net increase of over 6,500 in enlistment since Congress recently authorized an increase, but many more are needed and needed now.

The navy offers exceptional advantages to young men of stuff and ambition to serve in the first line for national defense. In this emergency, you have the opportunity and the privilege of performing this public service, and I am confidently appealing to you for your cordial and helpful co-operation.
